4th Place - Hwang JunYong

6th Place - Iqmal Hakimi Mohd Fadzli

Your hard work, dedication, and passion for the sport have paid off, and we are incredibly proud of your achievements. Keep up the great work and continue to strive for excellence in all that you do!

UUMISM RAYA CELEBRATION

We are excited to share the news of our recent Hari Raya Aidilfitri celebration at UUMISM. The celebration was held with modesty, yet in a lively and meaningful way on Friday, the 12th of May 2023. Our students had so much fun learning the customs and traditions of this special occasion. Students, teachers, and staff looked fabulous, donning their traditional Malay clothing as we held the Best Raya Outfit Competition. Not to mention, the colourful decorations and delicious food made it an unforgettable day.

Apart from that, students put up several performances such as dancing, poem recitation, and a fashion show. Teachers and staff presented an exceptional dance performance too. These stunning performances certainly added to the festive cheer.

We also savoured a feast of scrumptious Hari Raya food such as ketupat, lemang, rendang, kuah kacang, lontong, cookies, and so much more. It was a celebration of culture and tradition that united our school community. Let us remember this lovely occasion fondly and treasure the moments we had together!

COMMUNITY SERVICE AT KIWANIS MELAKA UNDER THE JASS PROGRAM

Last year, four UUMISM students joined the Junior Award Scheme for Schools (JASS): an achievement award for young people aged 12–14 years. The program encourages them to participate in activities that enrich their lives and their communities and recognises those achievements through certificates of accreditation. The scheme is owned by a registered charity in the UK, set up by the Duke of Edinburgh.

Community service is a requirement of the program. As such, our students Aleeya Aisyah Abdul Aziz, Cherry Aung, Dhanya Kaur Gill, and Dilshan Singh Gill volunteered at the Kiwanis Down Syndrome Foundation Melaka in Peringgiti on the 17th and 18th of April 2023 during their school holidays.

Our students assisted teachers at the Foundation with their classroom delivery. They had an enjoyable experience helping learners with Down syndrome in their typical lessons on functional living skills, emergent literacy, and emergent numeracy, under the guidance of Cikgu Salina and Cikgu Aini.

They also helped set up a mini library and resource corner in the hall of the Foundation building. They first cleaned the designated corner of the hall, then chose books and toys to fill the shelves with. They finally arranged the resources they'd selected in an inviting, accessible manner.

In addition, at the request of Cikgu Salina and Cikgu Aini, they decorated the resource corner by creating a cardboard tree that children could sit under while enjoying some down time. Once they were done with this, our students helped make and put up some Hari Raya decorations.

Our thanks to Kiwanis Melaka! This was UUMISM's second collaboration with them, the first being our joint celebration of World Down Syndrome Day in March this year. We hope to build a long-term partnership in which we celebrate people with diverse needs and promote inclusivity together.

DEBATE TOURNAMENT

Engineering faculty
Complex, UiTM Shah
Alam

MOTION

THP a benevolent dictatorship over a weak democracy

THW break up persistently dominant political parties in emerging/developing democracies

THBT vote spoiling is a legitimate political decision

UT MARA
**NATIONAL
NOVICE
2023**

MOTION

TH, as South Korea, R the normalisation of relations with Japan

TH, as Taiwan, W actively distance themselves from Quad

THBT Ukraine should seek the help of private military contractors in their war with Russia

NATNOV 2023

The Debate Team was so thrilled to participate in their first ever debate tournament last month. The National Novice 2023 debate tournament was held in UiTM Shah Alam from the 12th to 14th May 2023. This novice tournament was curated especially for novice debaters all over Malaysia, Our debaters got to experience their first official tournament and tasted their first win in the first round! We are so proud of them!

Our debate team had the chance to compete with so many excellent debaters and it was certainly an experience that they will remember. They also took this chance to learn the feedbacks from their judges and adjudicators. They have also commented that they have gained countless new valuable skills and strategies used by other debaters to tackle various topics along the tournament.

We plan to participate in more tournaments in the future and who knows, our debate team might become a champion in the future!

WORLD ENVIRONMENT DAY

W

World Environment Day is celebrated annually on June 5th. It is a global event organized by the United Nations to raise awareness and encourage action for environmental protection. The first World Environment Day was held in 1974, and since then, it has become one of the principal platforms for promoting environmental issues and advocating for sustainable practices worldwide. Each year, World Environment Day has a specific theme that focuses on a pressing environmental concern. The theme serves as a call to action and aims to inspire individuals, communities, organizations, and governments to take steps towards positive environmental change.

Events and activities such as tree planting, clean-up campaigns, environmental education programs, seminars, workshops, and exhibitions will be organized to engage students and promote sustainable practices.

This will provides an opportunity for students to reflect on their own environmental impact and make commitments to adopt more sustainable lifestyles. It also serves as a platform for policymakers to announce initiatives and policies aimed at addressing environmental challenges.

It encourages collective action and emphasizes the importance of environmental stewardship to create a more sustainable and resilient future for our planet.
