

DANIAL NAZARI
JOINED
NATIONAL
JUNIOR
DEVELOPMENT
PROGRAM ELITE
TEAM

Congratulations to our first UUMISM student, Muhammad Danial Bin Muhammad Nazari from Year 9, who has been selected to join the Malaysia National Junior Development Program Elite Team.

We wish you all the best, Danial!

A Press Conference to announce the new National Junior Development Program Elite Team was held today, 18th June 2023 at Glenmarie Golf & Country Club. Selections were made based on comprehensive criteria that include the World Amateur Golf Ranking (WAGR), past and current performances, as well as the players' discipline and attitude. We also included performances from selected top Malaysia Junior Tournaments from 2022 through April 2023.

VIRTUAL CLASSROOM EXCHANGE

MALAYSIA FEAT KOREA

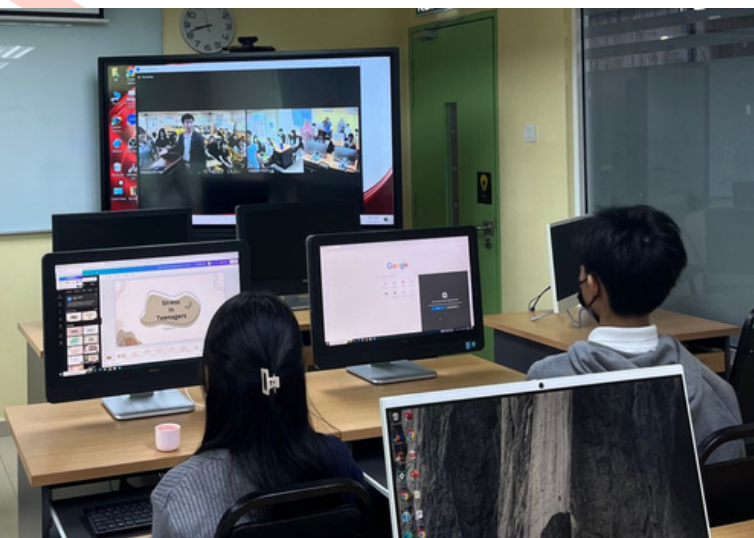

We are delighted to share our first virtual classroom exchange programme, showcasing the incredible beginning of cultural exchange between UUM International School Melaka and **Inmyong Girl's High School, Incheon Korea**. Through our virtual classroom exchange program, students from both schools have embarked on a **remarkable adventure** of learning, friendship, and global understanding. Celebrating Cultural Diversity Our virtual classroom exchange program has offered a platform for students to immerse themselves in diverse cultures and traditions. They have eagerly shared their unique customs, traditional cuisines, festivals, and more. Through engaging presentations, virtual tours, and interactive discussions, our students have **celebrated the beauty of cultural diversity, fostering an environment of mutual respect and appreciation.**

“Appreciating Global Perspectives. This exchange has broadened our students' horizons, exposing them to a multitude of global perspectives. Discussions on current events, social issues, and cultural practices have enabled students to gain a deeper understanding of the world around them.”

These exchanges have encouraged critical thinking, empathy, and an **appreciation for different viewpoints**, equipping our students to become **responsible global citizens**. The virtual exchange has also gone beyond mere academic collaboration. It has sparked the formation of lifelong friendships among students from both schools. Let us continue to embrace the power of virtual connections, fostering cultural understanding, language proficiency, and a sense of global citizenship. Together, **we can empower our students to be compassionate leaders of tomorrow.**

INSPIRING CAREERS TALKS

**“IF OPPORTUNITY
DOESN'T KNOCK,
BUILD A DOOR.”
MILTON BERLE.**

A recent career talk on 12 June 2023 featuring Ms Michelle Tham, the Manager of IDP Malaysia, an international education specialist. Ms. Tham enlightened the students on the vast opportunities available after IGCSE for a smooth transition to tertiary education in various English-speaking countries specifically the United Kingdom, Australia, Canada, and New Zealand along with valuable insights on choosing the right overseas education path such as its recognized qualifications and alignment with international standards. Ms Tham shared invaluable advice on selecting the ideal destination for pursuing overseas education.

The second speaker, Ms. Sharleen, the Regional Manager of Deakin University Australia shed light on the diverse range of courses offered by the esteemed institution. She shared how Deakin collaborates with industry partners to ensure that students gain real-world exposure and develop valuable skills through internships, industry placements, and work-integrated learning programs. This approach equips graduates with a competitive edge and a smooth transition into the workforce.

Borneo Mathematics Olympiad Competition

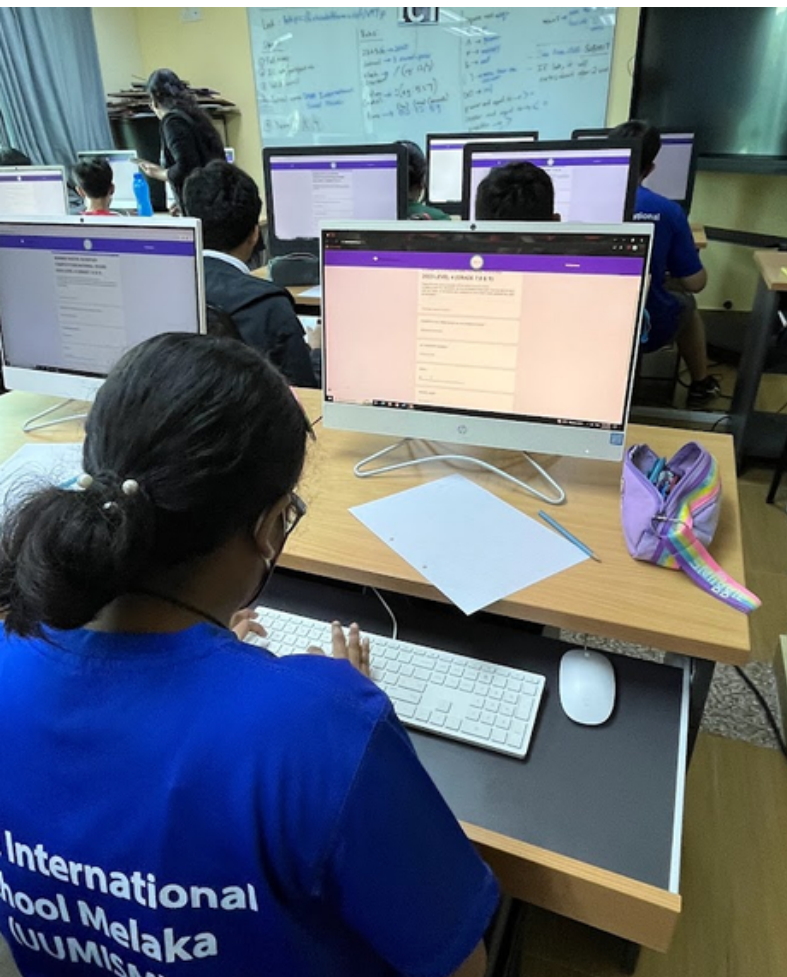

“ **Success**
is achieved and
maintained by those
who try and keep
trying! ”

They took their seats for the Level 4 Category State Round. The questions were difficult, but the students went out of their way to try to answer all the questions. Although many were initially reluctant to adhere, we encouraged them as the saying goes, "Better to try and fail, than to never try at all".

This is the discipline we want to impart to the students of UUMISM. So, when one day our students go away as graduates, they will take their first courageous step into their future.

Students who obtain this grade with distinction will advance to the national round. We hope that our students will make us proud, because we believe in them all the time.

EXCITING NEWS!

UUMISM'S WEBSITE REVAMPED FOR

Easy Access!

WELCOME TO UUM INTERNATIONAL SCHOOL MELAKA (UUMISM)

Offer Secondary Cambridge Education With An Option of **Specialised Golf Programme**
