Personal Advance Warning System (PAWS)

UUM International School Melaka is proud to announce that our students, Enoch and Ethan, have made a remarkable achievement at the ASEAN TVET Conference 2025, held on 13–14 August 2025 at the World Trade Center, Kuala Lumpur.

As part of the Innovator Pitch Day: ASEAN Future-Makers Challenge 2025, participants were invited to present ideas under two focus areas: Science for Sustainability and Smart Tools & Assistive Technology.

Representing our school, Enoch and Ethan showcased their groundbreaking innovation, PAWS (Personal Advanced Warning System) a low-cost, wearable gas detector designed to protect workers from invisible, toxic gases in hazardous environments.

UUM International Secondary School Melaka Shines at ASEAN TVET Conference 2025

The PAWS device stands out with its modular design, enabling users to swap sensors to detect different gases. This innovation not only improves workplace health and safety but also supports the United Nations Sustainable Development Goals (SDGs) 3 and 8, focusing on good health, well-being, and decent work conditions.

Their 15-minute video pitch impressed the panel of judges, and we are delighted to share that Enoch and Ethan were shortlisted as Top 3 Finalists and proudly secured the position of 2nd Runner-Up in the ASEAN Innovator Challenge 2025. This achievement highlights the creativity, innovation, and determination of our students in addressing real-world challenges through science and technology.

“ We congratulate Enoch and Ethan on this outstanding success and look forward to many more inspiring contributions from our young innovators. ”

ASEAN TVET Conference

On 13 and 14 August, UUMISM International School **STEM Club** students proudly represented the school at the ASEAN TVET Conference. They presented their innovative project, **“Creating Bioplastic from Leftover Rice,”** showcasing sustainability through science. During the exhibition, the students conducted a live hands-on experiment to demonstrate the method of producing bioplastic.

Their confident presentation highlighted the environmental benefits of bioplastic and inspired the public to consider sustainable alternatives.

We commend our students for their creativity, teamwork, and successful participation on this international platform.

CONGRATULATIONS

Inspiring Success – IGCSE Results 2025

INSPIRING THE NEXT GENERATION OF GOLFERS

This impactful program is made possible through our strong partnership with NJDP (National Junior Development Program), as we continue our shared mission to nurture the next generation of golfing talent. Here's to building champions on and off the course!

A COMMUNITY OF GROWTH AND PASSION

Beyond drills and swings, MIJO Camp fostered a spirit of teamwork and camaraderie. Young golfers learned not just how to improve their technique but also how to embody discipline, resilience, and sportsmanship values that will carry them far in both golf and life.

COACHING EXCELLENCE IN ACTION

On the greens of Tanjung Puteri Golf Club & Resort, juniors received hands-on guidance from Mr. David Jeong, who led sessions on both the fundamentals of golf and the crucial mental game. With the support of UUMISM coaches Pro Syakir and Coach Mus. Every player had the chance to sharpen their skills, gain confidence and elevate their performance.

With strong collaboration, expert coaching and the determination of our juniors, MIJO Camp 2025 proved to be an unforgettable milestone in shaping the future of Malaysian golf.
